Raul A Cardenas

Current	Dec 2001– present	Logical Networks	Monterrey, Mexico
	Founder, Chief Executive Officer Logical Networks main focus is: <ol style="list-style-type: none">1. Create and sustain a VoIP based telecommunication network.2. Offer wholesale international termination services.3. Provide prepaid telecommunication services.4. Enable other companies to provide prepaid telecommunication services. As the main officer of the company it is my responsibility to establish the company's strategies and follow up on the successful implementation of such strategies. Also it is my responsibility to select and deploy all the hardware and software elements of the telecommunications network.		
	1998– 2001	Basic Marketing	Monterrey, Mexico
	Co-Founder, Chief Executive Officer Basic Marketing was a company created to: <ol style="list-style-type: none">1. Provide dial up internet services.2. Establish web presence and establish web based marketing strategies.3. Provide internet based telecommunication solutions to companies. During my time as a partner and an officer I was responsible of day to day operations and overseeing all customer relations. I was also heavily involved on all technology related decisions and project implementation.		
	1993–1998	Productivity Inc.	Monterrey, Mexico/Norwalk CT
	Sales Manager for Latin America Productivity Inc is an international consulting firm mostly focused on manufacturing companies. Productivity's main activities were training and consulting on Japanese "Just in Time" Manufacturing techniques. I started working at Productivity during my senior year of University and I was involved in the development of a database system for marketing purposes. As time passed I was moved to other positions until I was made responsible of managing sales for all of the Latin American market.		
Education	1990–1994	Monterrey Institute of Tech.	Monterrey, Mexico
	Computer Science Engineering.
